

HOW TO KEEP SSI AFTER YOU TURN 18: AGE 18 REDETERMINATIONS

**PRESENTED BY NEON NATIONAL SUBJECT MATTER EXPERT
MICHAEL DALTO**

This presentation is for you, if you (or a family member) get SSI before age 18. To keep SSI after you turn 18, you will have an “age 18 redetermination”. Social Security will decide if you will be able to keep SSI as an adult. It’s not a sure thing. About half of the people who get age 18 redeterminations, are denied.

This presentation will help you prepare for your age 18 redetermination, and will include what forms to complete, records to obtain, appeals, how to keep your SSI for a while even if you are denied, and who you can ask for help.
